

## **Emerge Business Consulting Proudly Announces the Recent Addition of SugarCRM**

San Francisco, Calif June 2, 2010--Emerge Business Consulting has joined the SugarCRM Reseller Partner Channel as a top tier Premier Gold Partner, focused on assisting companies with all of their customer relationship management (CRM) software solutions. SugarCRM, the world's leading provider of open source CRM, offers a dynamic web based platform and tool-set that helps companies align their marketing, sales, support, and executive management strategies. From Cloud to web-browser, the SugarCRM Commercial product line, Sugar Professional and Sugar Enterprise, is accessed through a web browser and can accommodate any deployment such as On-Demand where maintenance and updates are managed by Sugar Open Cloud technology, to private cloud or an on-premise installation. SugarCRM is the complete package when it comes to customer relationship management—offering great flexibility and control at an affordable price.

### **About Emerge Business Consulting**

Emerge Business Consulting is dedicated to serving small and mid-sized businesses by representing world class business management software.
